

LDS Perspectives Podcast, [Episode 2 is now available](#).

In this episode, Dr. Brad Wilcox joins Nick Galieti to discuss the grace of Christ.

Grace is a term often misunderstood. Dr. Wilcox sheds clarity on the concept and shows how the LDS Church proclaims a gospel of grace. The term can be found in hymns, in conference talks, and throughout the Book of Mormon.

By demystifying and destigmatizing the concept of grace, he invites us to explore how this important doctrine relates to how we may use Christ's gift in our lives — not just once, but continually.
